FOR IMMEDIATE RELEASE

Adchem concentrates on LSE Adhesives at 2013 Ward's Automotive Interiors Show

RIVERHEAD, NY Adchem Corporation, a major supplier of high performance pressure-sensitive adhesive tapes for the automotive industry, will provide Silver Sponsorship at the May 22 Ward's Automotive Interior Conference at the Henry Hotel in Dearborn, Michigan.

Adchem will present [Low Surface Energy \(LSE\)](#) adhesive systems as well as bonding studies of its adhesive systems to new environmentally friendly plant-based polyurethane foams.

With nearly 50 years engineering and manufacturing pressure-sensitive adhesives, Adchem offers over 200 acrylic and rubber adhesive tape products including double-sided, transfer tapes, and foam tapes often combining differentially-coated systems to meet demanding bonding requirements in new vehicle platforms.

For more information about Adchem products or for assistance in engineering your adhesive tape systems, contact Adchem Customer Service or Technical Services at 631-727-6000 or visit its newly designed web-site at www.adchem.com.

About Adchem Corporation

Adchem Corporation engineers and manufactures pressure-sensitive adhesive tape systems. The company, founded in 1965, is headquartered in a 200,000 square foot facility which includes its ISO 9001-2008 certified research and development facilities in Riverhead, NY. Product development and production are supported by A2LA ISO 17025 accredited tests. Adchem is certified under the Pressure Sensitive Tape Council's Responsible Tape Manufacturer program and offers double-sided films, tissues, and fabrics tapes; foam tapes, transfer tapes, and custom-coated specialty products.

Adchem's 100% solids adhesives, solvent and water-based acrylics and rubber adhesives are used in a variety of industries including abrasives, automotive, construction, electronics, graphic arts, medical, packaging, solar, sound and vibration control, transportation and general industrial tape applications. Adchem takes an active leadership role in several industry associations including; Pressure Sensitive Tape Council (PSTC), American Architectural Manufacturers Association (AAMA), and Gasket Fabricators Association (GFA).
